

Do you or your employees want to refresh reading, writing, and math skills? How about studying English for Speakers of Other Languages (ESOL) or Introductory Spanish?

ADULT EDUCATION BASICS

Giving you the power to understand, communicate, and achieve.

Why should employees participate in this intensive immersion basic skills program?

- Improve verbal and written communications
- Perform current job better
- Acquire new and useful knowledge
- Build self-esteem and confidence
- Learn to speak, read, and write the English language
- Better understand job duties and tasks
- Increase participation in informational, procedural, and safety and health meetings

Course Offerings

- English for Speakers of Other Languages
- General Educational Development
- Introduction to Math
- Introduction to Spanish
- Introduction to Writing
- Reading Comprehension
- Reading, Writing, and Math: A Skills Refresher
- Workplace Writing – A Creative Writing Approach

Courses designed with adult learners in mind

Courses are 24 to 96 hours in length. Trained instructors work closely with all educational levels and learning styles. Course participants are introduced to the learning experience with a Learning for a Lifetime workshop to help them build confidence in learning.

In addition to class work, all participants receive pre- and post-assessments, educational advisement, and are placed in a course at their performance level.
