Welding

A Statewide Targeted Tuition Program for
CSEA-represented NYS Employees

Applications Accepted Until March 31, 2024

What Is the Statewide Targeted Tuition Program for Welding?

The Statewide Targeted Tuition Program for Welding provides tuition assistance to CSEA-represented NYS employees who wish to take welding courses.

Who is Eligible?

CSEA-represented NYS employees (ASU/02, OSU/03, ISU/04, or DMNA/47) receiving a NYS paycheck when applying for this benefit are eligible.

How Many Targeted Tuition Benefits Can I Receive?

You can apply for up to *two targeted tuition benefits* (vouchers or reimbursements) during the program year, from **April 1, 2023, to March 31, 2024**.

- **One targeted tuition benefit** (*voucher or reimbursement*) – Covers one non-credit welding course up to \$1,220 **or** one credit-bearing welding course, up to a maximum of four credits at the resident tuition per credit rate, not to exceed \$305 per credit.
- **Two targeted tuition benefits** (*vouchers or tuition reimbursements*) – Combining two targeted tuition benefits covers one non-credit welding course that is more than \$1,220 **or** one credit-bearing welding course that is more than four credits.

What Does it Cover?

We only cover the cost of tuition. Any tuition costs over the maximum provided are your responsibility. All fees and expenses, other than tuition, are also your responsibility.

Do I Need Supervisory Approval?

You do not need supervisory approval to **apply** for these benefits. Supervisory approval is required, however, to attend a course during work hours without charge to accruals. You do not need supervisory approval to attend a course scheduled during your non-working hours.

Are Other Tuition Benefits Available?

Yes. All CSEA-represented NYS employees (ASU/02, DMNA/47, ISU/04, OSU/03) also have **two standard tuition benefits** available. Unlike targeted tuition benefit programs, standard tuition benefits do not have to be used for welding courses.

Learn more about all the tuition benefits available to you:

- Visit www.nyscseapartnership.org/NYS-CSEA-Employees/TuitionBenefits.cfm
- Call (800) 253-4332 (*Option 1*)
- Email advisors@nyscseapartnership.org

How Does It Work?

You can apply to receive **vouchers** that pay for tuition at the 35 participating schools listed in this brochure. In addition, if you wish to attend a school not listed in this brochure or have already paid for your welding course(s), you may apply for **tuition reimbursement**. *Please note: The school must be an accredited educational institution or proprietary school. Contact us before you pay for the course to ensure it is eligible for reimbursement.*

How Do I Get Started?

- **Step 1:** Find a welding course you wish to take in session sometime between **April 1, 2023, and March 31, 2024**. We suggest you contact one or more participating providers in this brochure and request a catalog, or course schedule, or check the school's website for available courses.
- **Step 2:** Complete and return the application form in this brochure by mail, fax, or email. **If you are applying for two separate courses, list each course on the application form.**
- **Step 3:** Receive your tuition benefit(s).
- **Step 4:** Register for your course(s) with the school.
- **Step 5:** If you receive a tuition voucher(s), give the voucher(s) to the school so they can bill the Partnership directly for your course tuition. If you are approved for tuition reimbursement, pay for the course(s), complete the course(s), and follow the directions provided on the approval form(s) to submit the required documentation to be reimbursed by the Partnership.

Are These Benefits Taxable?

In general, job-related educational assistance benefits are not taxable, with the following clarifications:

- Currently, no tax withholding is required on educational assistance benefits provided to employees up to a \$5,250 limit during the calendar year, except for Certification and Licensure Exams, which are always taxable.
- Educational assistance benefits that exceed \$5,250 may be taxable unless they can be excluded as a "working condition fringe benefit."

However, these exemptions can change from one tax year to another. **If educational assistance benefits from the Partnership alone or combined with tuition assistance from other NYS agencies exceed \$5,250, applicable income tax will be withheld from December paychecks.**

Please speak to your accountant or tax advisor for further guidance.

Tuition Reimbursement

If you wish to attend a school that does not accept Partnership vouchers or have already paid for your welding course(s), you can apply for tuition reimbursement approval. **The school must be recognized as an accredited educational institution or proprietary school.**

Contact a Partnership advisor at (800) 243-4332 (*Option 1*) to ensure the school is accredited before you pay tuition. Please note that you do not have to complete your course before applying for your tuition benefit; however, you will only receive reimbursement after you complete your course. Exceptions may apply if courses are more than one year in length.

If you receive a reimbursement approval, you must follow the directions on the approval form(s) to submit the documentation required to be reimbursed after course completion. This documentation includes a copy of your account statement from the school detailing tuition charges, payments, and sources of payments, and a copy of your transcript or grade report proving course completion.

Reimbursement of tuition will then be mailed to you within 60 days.

You must complete your course to receive tuition reimbursement. **The deadline to submit documentation for reimbursement is June 30, 2024.** Please call the Partnership (800) 253-4332 (*Option 2*) if you cannot provide the appropriate documentation by this date.
